

## Judging:

Although applications are welcome at any time, a group of SOMA Board members will assess submissions in May and winners will be notified in June of the academic year of the submission.

## Expectations:

Award recipients will receive half of the stipend at the time of winning of the award. The other half is payable after the winner develops a presentation that is given at one of SOMA's monthly informational meetings held at the Sonoma County Farm Bureau.

## Submissions:

[scholarships@somamushrooms.org](mailto:scholarships@somamushrooms.org)

## Purpose:

SOMA's goal is to recognize student achievement and stimulate further interest and study in the world of fungi. We wish to encourage graduate level students to pursue a course of study in mycology

## Awards:

Students studying on the graduate level may receive up to \$2500 each for exemplary research especially in the area of mycology.
